

Company Profile

Company Name: SHIMA SEIKI MFG., LTD.

Established: 1962

President: Mitsuhiro Shima

No. of Employees: 1,443

Headquarters: Address: 85 Sakata Wakayama 641-8511 Japan
Telephone: +81-(0)73-474-8210 (Joint Sales Division)
Facsimile: +81-(0)73-474-8270 (Joint Sales Division)
URL: <http://www.shimaseiki.com>

Core Business: Development, manufacture, sales and service of WHOLEGARMENT® knitting machines, computerized flat knitting machines, glove and sock knitting machines, computer graphic apparel design systems, apparel CAD systems, computerized fabric cutting machines (CAM), textile printing machines and other related peripherals.

Company Profile: SHIMA SEIKI MFG., LTD. of Wakayama, Japan is a leading manufacturer in the computerized flatbed knitting machine industry. With complete systems integration from planning, production to sales promotion and retail sales, SHIMA SEIKI has been dedicating its products and services to the knitting industry worldwide through the latest in computerized knitting technology.

SHIMA SEIKI is also the pioneer in complete garment manufacturing technology—called WHOLEGARMENT®—wherein an entire knitted garment is produced on the knitting machine without the need for linking or sewing afterward. Since its commercial introduction in 1995, SHIMA SEIKI has been the undisputed leader in WHOLEGARMENT® knitting technology with over 30 years of on-going research and 20 years of proprietary field experience and know-how, not to mention over 2,500 related patents and patents pending worldwide.

SHIMA SEIKI to Hold Private Shows in Vietnam

FOR IMMEDIATE RELEASE

Leading flat knitting solutions provider SHIMA SEIKI MFG., LTD. of Wakayama, Japan, together with its Vietnamese sales representative PHENITEX CO., LTD., will jointly hold private exhibitions in Vietnam, in Hanoi later this month and in Ho Chi Minh City in November.

On display will be the new MACH2VS WHOLEGARMENT® knitting machine. The flexible and versatile MACH2VS is evolved from the MACH2S and carries on that machine's capability to knit in a range of production styles. As a conventional shaping machine, it is capable of all-needle knitting in its available range of 8 to 16 gauge, while WHOLEGARMENT® knitwear can be produced in half-gauge fabrics. The range of usable yarn and material has increased as well, thanks to i-DSCS + DTC® as standard equipment. The R2CARRIAGE® system that yields quicker carriage returns for greater efficiency, now features a lighter carriage for even higher productivity. MACH2VS is even capable of gaugeless knitting whereby a number of different gauges can be knit into a single garment. A new full-color touch-screen monitor also improves on operator ergonomics.

Demonstrations will also be performed on SHIMA SEIKI's latest version of its SDS-ONE APEX series 3D design system. SDS-ONE APEX4 makes its debut in Vietnam boasting processing speeds for WHOLEGARMENT® programming and simulation up to 6 times faster as compared to APEX3. In addition, APEX4 features AI functions for optimized searching among its vast archive of patterns and designs. At the core of the company's "Total Knitting System" concept, APEX4 integrates knit production into one smooth and efficient workflow from yarn development, product planning and design to machine programming, production and even sales promotion. Especially effective is APEX4's capability to improve on the planning process with Virtual Sampling. Photo-realistic simulation capability minimizes the need for sample-making, effectively reducing time, cost and material from the sampling process to achieve smart, speedy and sustainable production.

Vietnam Hanoi Private Show

Show Details

Date: Mon. 21st - Wed. 23rd October, 2019
Hours: 9:00AM - 5:00PM
Venue: Melia Hanoi Hotel
Function Room 1 / Level 1
44 B Ly Thuong Kiet Street, Hanoi, Vietnam
Tel: +84-4-3934-3343

Exhibited Technology

MACH2VS 14G WHOLEGARMENT® Knitting Machine
SDS-ONE APEX4 3D Apparel Design System
